Showtech has been involved in Film and Television for over sixteen years providing hire and installation of rigging, scaffold, staging, wire work stunts, technical and licensed crew

Showtech aim to provide the film and TV industry with professional services to meet the needs of this ever changing industry.

Showtech offer services beyond the freelance sector as you are guaranteed to have the backing of an Australian owned and operated company, you will always have the right crew and equipment for the job and as a company we can provide services that no individual can offer.

The other benefit of utilizing Showtech is our extensive local knowledge and database to ensure that your needs are met,

Showtech is a Melbourne based company and our services extend interstate to NSW, QLD, SA, NT, ACT & WA and Overseas so too does our pool of crew, suppliers and local knowledge of each location.

Contact our Melbourne base to speak to our technicians and production managers for further information

Our guarantee:-

- Professionalism at all times
- all our equipment is engineered and rated to Australian standards, workcover and building regulations
